

www.americanframe.com phone: (800) 537-0944

(Prices in this document are approximate as of 2018; see website for current prices). Shipping costs have increased and the larger/bulkier the items, the more expensive the shipping will be. It's most cost effective to place one large order rather than a lot of small orders; they do give a discount for orders over \$200 dollars.

Note: These instructions are for ordering a single frame/mat/backboard/plexiglass for one painting from the American Frame website.

Alternatively, you can order any quantity and size of metal frame kits separately from American frame (as I do) and use more local sources for plexiglass and backing board. Matboards (and foamcore) can be purchased in bulk from www.matboardandmore.com. Links for purchasing hanging wire and hanging tape are at the end of this document.

Bainbridge AlphaMat French White Mat Board 8467

Enter Code:	<input type="text" value="8467"/>										select
											
Rectangle	Circle	Arch	No Cut								
Outside Width	<input type="text" value="22"/>			select	<input type="text"/>						select
Outside Height	<input type="text" value="28"/>			select	<input type="text"/>						select
Top Border	<input type="text" value="4"/>			select	<input type="text" value="1/2"/>						select
Bottom Border	<input type="text" value="4"/>			select	<input type="text" value="1/2"/>						select
